3. A review was undertaken into the riding of Jockey R. Joorawon on DUKE'S DOMAIN and was queried in relation to his ride from the 1100m to the 700m. He stated that his instructions were to find a position close to the pace. He explained that as per his instructions he was asked not to use his horse in the early part of the race as there were fast

horses in the race. He further stated that despite him saving his mount, the latter failed to run on when the pace quickened and was very disappointing in the final straight. When questioned as to why he did not let his mount travel freely from the 900m instead of taking a hold, he said he was not expecting the leader, COLOUR OF MONEY (B. Sooful), to surrender the lead had he moved up from there and that would have prejudiced his chances of obtaining the best possible placing at finish. After considering his evidence, the Stewards advised Jockey Joorawon that his ride between the 1100m to the 700m was of concern given the moderate pace of the race at that stage since in the final analysis the performance could not be gauged as the horse had bled from the nostrils. He was subsequently warned to show initiative in all his rides in future.
